

AI Literacy for Workplace Productivity

Course design document

Portfolio sample: original, sanitized, and created for demonstration purposes. No confidential, proprietary, government-controlled, client-sensitive, or internal employer materials are included.

Project Snapshot

Element	Design Decision
Audience	Adult learners with mixed technical backgrounds who need practical AI literacy for workplace productivity.
Delivery	Hybrid-ready: instructor-led session, webinar option, and independent practice activities.
Duration	4 modules, 60-75 minutes each, plus a capstone workplace application activity.
Design Goal	Help learners understand what generative AI can and cannot do, then apply it responsibly to common workplace tasks.

Learning Objectives

- Explain the difference between generative AI, traditional automation, and search-based tools.
- Identify appropriate and inappropriate uses of AI for common workplace tasks.
- Write clear prompts using context, task, format, constraints, and success criteria.
- Apply a responsible AI checklist before using AI-generated content in a professional setting.
- Create a simple AI-assisted workflow for a communication, planning, or documentation task.

Module Map

Module	Topics	Practice Activity	Assessment
1. AI Foundations	What AI is, common myths, risks and benefits	Class discussion: AI at work	5-question knowledge check
2. Prompt Writing Basics	Prompt structure, context, constraints, examples	Rewrite weak prompts into stronger prompts	Prompt rubric review
3. Responsible AI Use	Privacy, bias, verification, human review	Apply responsible AI checklist	Scenario decision questions
4. Workplace Application	Emails, summaries, planning, job aids	Build an AI-assisted workflow	Capstone submission

Evaluation Plan

- Level 1: Learner reaction survey focused on clarity, confidence, usefulness, and pace.
- Level 2: Knowledge check and prompt writing rubric.
- Level 3: Workplace application reflection submitted after practice activity.
- Level 4: Optional manager observation or adoption measure for workplace implementation.
