

Facilitator Guide - Technical Tool Training

ILT guide sample

Portfolio sample: original, sanitized, and created for demonstration purposes. No confidential, proprietary, government-controlled, client-sensitive, or internal employer materials are included.

Facilitator Guide: 60-Minute Technical Tool Training

Time	Segment	Facilitator Actions	Learner Activity
0-5	Welcome and outcomes	Introduce purpose, agenda, and expected outcomes.	Share current challenge with the tool.
5-15	Why the process matters	Connect the tool process to accuracy, access, and team efficiency.	Identify risk of inconsistent document handling.
15-35	Live demonstration	Model upload, naming, tagging, and sharing steps. Think aloud.	Follow along using practice file.
35-50	Guided practice	Prompt learners through scenario; answer questions.	Complete upload and metadata task.
50-57	Knowledge check	Ask scenario questions and review common errors.	Respond to 3 practice questions.
57-60	Wrap-up	Share job aid, FAQ, and next steps.	Commit to one action after training.

Facilitation Tips

- Use learner language, not system jargon.
- Pause after each demonstration step to allow questions.
- Use realistic practice files with no sensitive data.
- Ask learners to explain what they would do next before showing the answer.

Materials Needed

- Slide deck or agenda
- Practice file
- Quick reference guide
- Knowledge check
- Post-training survey
