

New Hire Onboarding 30/60/90 Roadmap

Onboarding learning path sample

Portfolio sample: original, sanitized, and created for demonstration purposes. No confidential, proprietary, government-controlled, client-sensitive, or internal employer materials are included.

Onboarding Roadmap Overview

This sample roadmap supports new program support team members by sequencing required knowledge, tools, responsibilities, and performance expectations over the first 90 days.

Timeframe	Learner Focus	Learning Activities	Evidence of Readiness
Days 1-10	Orientation and access	Meet manager, review team charter, confirm systems access, review key contacts.	Access confirmed; new hire can locate core resources.
Days 11-30	Processes and tools	Complete tool walkthroughs, review document repositories, shadow meetings.	Can explain team workflow and use required templates.
Days 31-60	Guided practice	Draft status updates, use trackers, participate in action item follow-up.	Completes work with light review.
Days 61-90	Independent contribution	Own routine updates, support meetings, maintain documentation.	Completes core tasks independently and identifies process improvements.
